

BYHD01

Digital Height & Weight Measurement Machine

A compact and accurate digital solution for measuring height and weight. Designed for clinics, hospitals, and health centers, it ensures reliable results with ease of use and long-term durability.

KEY FEATURES

ACCURATE MEASUREMENT

High precision sensors deliver accurate and reliable weight and height readings.

HEIGHT & WEIGHT IN ONE

Measures both height and weight quickly and efficiently.

EASY TO READ DISPLAY

Clear digital display for easy viewing of results.

SIMPLE & USER FRIENDLY

Easy operation with minimal training required.

STURDY & DURABLE

Strong build quality for long-lasting performance in demanding environments.

SPECIFICATIONS

Model	BYHD01
Maximum Weight Capacity	200 kg
Weight Graduation	50 g
Height Measurement Range	60 – 200 cm
Display	Digital LCD Display
Power Supply	2 x AAA Batteries
Platform Size	Approx. 330 x 300 mm
Dimensions	Approx. 330 x 470 x 1230 mm
Net Weight	Approx. 5.5 kg

Sturdy & Non-Slip Platform

Clear Digital Display

Accurate Height Measurement

IDEAL FOR

Hospitals

Clinics & Health Centers

Wellness & Fitness Centers

Schools & Institutions

Home Health Monitoring
