INDICATOR: LP7510

- Bright LED Display
- Stainless Steel Body
- Bluetooth or RS232 Option
- 6V 4Ah Rechargeable Battery
- Water and Dustproof Design

KEY FEATURES

- 

BODY SIZE
 400 x 500 mm platform size.
- 

ROBUST CONSTRUCTION
 Fully stainless steel body for maximum durability and corrosion resistance.
- 

ADJUSTABLE LEVELING FEET
 Ensures stable and accurate weighing on any surface.
- 

LOAD CELL
 Class III OIML Single Point Loadcell for high accuracy and reliability.
- 

PROTECTION
 100% overload protection for enhanced durability.
- 

PROTECTIVE DESIGN
 Top and bottom covers provide more protection in harsh environments.
- 

FOOD GRADE
 Hygienic design suitable for food processing and industrial applications.

SPECIFICATIONS

Model	ST-SS40450
Platform Size	400 x 500 mm
Capacity	300kg
Material	Stainless Steel
Load Cell	Class III OIML Single Point
Overload Protection	100%
Protective Design	Top & Bottom Covers
Indicator	LP7510 (Bluetooth / RS232 Option)
Power	6V 4Ah Rechargeable Battery
Ingress Protection	Water & Dustproof
Leveling	Adjustable Leveling Feet
Application	Industrial, Food Processing, Warehouse, Logistics
